### **DETAILED ACTION**

**Claims 12-25 are allowed.**

1. The following is an examiner's statement of reasons for allowance:

The prior arts of record fail to teach a combination of a body base from which extend one or more parallel columns, there being an electrode on at least one of the columns with one pole connected to a welding electric current generator and on at least one column a positioning device for a part to be welded, wherein the electrode is introduced in said positioning device for the compression of said part to be welded onto a second part to be welded against a second electrode; a spring or expansion element in a rear position to the electrode and coaxial with the axis of movement of the electrode, the spring to exercise the compression force in the welding; and an intermediary coupling part between the positioning device and the column on which it is positioned..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
